Quality Management Programs: Meaningful Use Stage 3 Deep Dive

Webinar #082217-NE

DATE AND TIME

August 22, 2017
1:30 - 3:00 p.m. CT

OVERVIEW

The purpose of this program is to educate hospital executives, clinical leaders, quality managers, and program directors about current and future quality programs that will impact revenue, patient outcomes, and public rankings. This will be a first in a series of webinars that will speak to quality programs including Meaningful Use Stage 3, IQR, and TJC to name a few.

In this webinar, we will cover Meaningful Use Stage 3 and the program's objectives, goals and requirements. We will also share some tips and tricks to help set your organization up for success and avoid penalties. At the end of the presentation, you will have the opportunity to ask questions of a team of Meaningful Use experts.

OBJECTIVES

- Awareness of quality programs that will impact hospital revenue.
- Develop a deeper understanding of MU.
- Learn how to prepare for and execute on program requirements.

TARGET AUDIENCE

Hospital executives, clinical leaders, quality managers and program directors.

FACULTY

Andrew Kahn, Sales Executive
athenahealth

Andrew Kahn has 15+ years of EMR experience including the initial transition from paper run sheets to electronic records. For the past four years he has done consultative solution work with community hospitals and private practices for athenahealth. Mr. Kahn is a frequent speaker in the health care industry regarding implications and changes in EMR/EHR. He is a self-proclaimed tech nerd and early adopter of emerging products and technologies.
